Shoreditch	84.0%

FOYLE FOUNDATION

We are really excited that The Foyle Foundation has donated a generous grant for new reading books for our school - we will be purchasing the books in the summer term and look forward to sharing them with the children!

****COMPUTER GAMES****

Some children in Reception have been talking about watching and playing games related to a movie called "Slenderman". They have also been talking about a game called "Granny Horror". Both of these are not suitable for 4-5 year olds. They are rated 12 years and above. Please make sure your child is not accessing these games - it is sometimes happening when they are left with older siblings. The children have really been disturbed by the content of these games.

****CLASS NEWS****

Nursery

As part of our new "Animals" topic this half term, Nursery have enjoyed reading the book "Dear Zoo" this week, retelling the story and thinking about which pet they would like! The children have also been asking each other about their favourite animal (and even completing bar graphs!) as well as using small world animals to act out their own animal stories.

Reception

We started our last half term with an exciting bear hunt in the garden. We searched high and low and found him in a tree! We have been using "balance" (our word of the week), discussing how heavy and light things are and to balance the scales. We love to see what your children do at home, please put some photos on Tapestry. If you need help with Tapestry, please let us know.

Year 1

This week the Year 1 children have been working very hard completing a lot of different phonics activities. We are trying our best to always look for special friends, f.r.e.d talk and then blend, when we are decoding words. Please use these strategies to help your child with their reading.

Year 2

Welcome back! We have made a fantastic start to the new half term by studying the book "Mr Seahorse". We had been using expanded noun phrases to write poetry and explored texture while completing some beautiful Art Work. We have sent letters home about our trip to the Aquarium. Please bring in your money and permission slips as soon as possible.

Year 3

We have started a new Literacy unit, learning all about folktales, ready to write our own. Our new Topic is the Iron Age - well done for researching all your facts over half term. In Science, we are learning about nutrition and how to have a balanced and healthy diet. We have been gathering data to draw tally charts and pictograms in Maths. A busy first week back!

Year 4

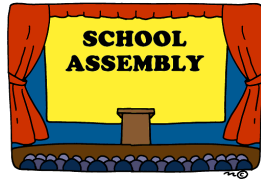

We have enjoyed starting to read Macbeth. We have compared it to other Shakespeare plays we know. In Maths, we are revising how to tell the time. Please practise at home, changing between 12 & 24 hour clocks. In Topic, we are learning about the Egyptians - we are particularly looking forward to learning about the Mummies.

Year 5

What a fantastic start to half term! All of the children loved IntoUniversity on Monday and Tuesday - they practised inference skills and learnt more about the opportunities that University can bring! We have also had RSPB visitors in. During the sessions the children explored how to encourage more wildlife into our school environment. Well done to the children who worked hard over the holidays with their reading and homework - it is really helping them to achieve their full potential.

Year 6

Year 6 have been working extremely hard completing their writing pieces in readiness for their end of year assessment. We are really proud of their hard work and commitment. For those children going on the school journey, more details will follow next week about the arrangements for this exciting trip!

Wednesday 20 th June	Crouch Hill
Wednesday 27 th June	Seven Sisters
Wednesday 4 th July	Caledonian Road
Wednesday 11 th July	Liverpool Street
