Stratford	86.8%
Holloway Road	88.6%
Caledonian Road	88.9%
Hoxton	84.8%
Shoreditch	91.4%

It is very important your child attends school every day – absence from school means your child is missing out on their learning.

### \*\*\*\*\*HALF TERM\*\*\*\*\*

Reminder that school finishes for the Half Term break next Friday, 15<sup>th</sup> February. School re-opens on Monday 25<sup>th</sup> February.

The children will be cooking and taking part in fun activities on Monday to celebrate Chinese New Year.

### \*\*\*\*\*CLASS NEWS\*\*\*\*\*

#### Nursery

Lots of the children in Nursery are using the internet at home (on phones, tablets etc.). It is important that they learn to use it appropriately right from the start. This week (on "Safer Internet Day") we talked about the importance of making sure our parents know exactly what we are playing, always asking permission and never playing games with older brothers and sisters (unless parents have given express permission). Please help us to keep your children safe by reminding them of these basic rules. Thank you.

#### Reception

We have learned about being safe on the internet this week. Talk to your child about using the internet at home and make sure you know exactly what your child is doing on the internet. We are spending a lot of time tying laces, please help them learn to do this themselves or maybe they could wear velcro shoes!

#### Year 1

Year 1 have been learning about Paddington Bear in their Literacy and Topic work this week. They have compared the physical and human features of Peru and London and talked about how Paddington felt when he arrived in London. Next week they will be testing materials and designing a new waterproof coat for Paddington in Science!

#### Year 2

We have had a very scientific week in Year 2! We have been learning about materials and their properties in order to find out which material would be best to make our chocolate bar wrapper out of. After making a prediction, we conducted a simple investigation, we designed our wrapper and we will be making our chocolate bars next week.

#### Year 3

We have been making lanterns this week, which links perfectly with our light project, but also with Chinese New Year! Next week we will be cooking and doing other fun Chinese New Year activities.

#### Year 4

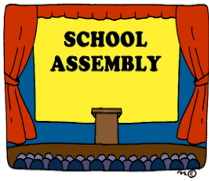

This week in Maths we have been looking at equivalent fractions, using a fraction wall. In Literacy, we have been writing a fact file about Dr Barnardo. In R.E. we have been discussing inspirational people and creating great work, using inspirational words. Next week, we are looking forward to seeing the children's 3D models of London landmarks which they have been working on for homework.

#### Year 5

We have been working on division and fractions this week in Maths – thank you to those who practised times tables over the weekend, it really does help! Well done also to the children who participated in the Debate Mate competition this week.

#### Year 6

Year 6 have been preparing for their upcoming SATS, by sitting practise tests this week. Well done to all the children for working so hard. We have also been talking about how to respect others whilst using the internet and situations when we would need to ask for permission using technology.

**CLASS/YEAR GROUP ASSEMBLIES 9.10 AM  
SPRING/SUMMER TERM 2019**

<b>DATE</b>	<b>CLASS/YEAR GROUP</b>
